ABT RS5-R
MAXIMUM PRESENCE.
UNCOMPROMISING PERFORMANCE.

The ABT RS5-R is an expression of individuality. For those who don't just drive their cars, but see them as an extension of who they are. This philosophy is reflected in every detail: the increased performance, the striking carbon fiber components, the sport-tuned suspension, and the exclusively refined interior.

Available as Avant and Sedan. Limited to just 130 units worldwide.

The ABT Power S performance upgrade boosts the system output to approximately 529 kW (720 HP) and the system torque to 905 Nm. Performance figures are based on the use of 98-octane fuel.
ABT Power S is compatible with the myABT app.

www.optimma.lu

PRECISE. RESPONSIVE.
PERFECTLY DIALED IN.

ABT suspension springs and ABT sport anti-roll bars give the RS5-R a sharper, sportier setup.
The ABT EVO Performance 22 forged wheels in glossy black reinforce its bold, distinctive presence.

www.optimma.lu

ONE DESIGN LANGUAGE.
ZERO RESTRAINT.

From the front spoiler with front blades to the wheelhouse louvers, side skirts, and rear diffuser, the carbon fiber components give the ABT RS5-R its unmistakable character.

Carbon fiber mirror caps complete the look, while the Avant features a rear wing with aero blades for an additional statement.

All carbon components are available in either glossy carbon fiber or matte carbon camouflage.

DISTINCTIVE CHARACTER. DOWN TO THE LAST DETAIL.

Dinamica surfaces, carbon fiber shift paddles, and floor mats featuring an embroidered RS5-R logo give the interior a distinctive, personalized touch.

The “1 of 130” emblem badge on the center console and exclusive illuminated door sill trims emphasize the exclusivity of this limited edition.

ABT integrated entrance lights and an ABT key cover complete the refinement.

FACTS
ABT RS5-R AVANT

ABT POWER S

470 kW (639 HP), 825 Nm to approx. 529 kW (720 HP), 905 Nm (system performance)
2,9 TFSI e 375 kW (510 HP), 600 Nm to approx. 435 kW (591 HP), 680 Nm
engine code: DYYA, top speed remains unchanged, compatible with the myABT App
Stated engine power is available only by using 98 octane fuel

ABT AERODYNAMICS

ABT front spoiler incl. ABT front blades (carbon gloss / carbon camouflage)
ABT wheel house louvers (carbon gloss / carbon camouflage)
ABT mirror caps (carbon gloss / carbon camouflage)
